DEVELOPMENT & DESIGN EXPERIENCE

2022 - Present

Frontend Developer
Real Estate Webmasters, *Vancouver, BC*

Developing and creating innovative custom web applications and user friendly CMS snippets for the top 10% of real estate professionals. While still ensuring accessiblity and tangibility for all types of users.

2021 - 2023

Frontend Developer
Evolve Branding, *Vancouver, BC*

Design and implement user-centered mockups on our client's website. Maintain and modernize the company's site on a visual and code level. In addition, contribute through producing logos, brand guides, and other brand assets in the creation of a brand identity of many startups and rebrands of our clients.

2016 - 2022

Website Developer & IT Assistant
Front & Company, *Vancouver, BC*

On a daily basis, maintain the company's three websites, ensuring software bugs are fixed. Also, address technological problems for the company and solve user experience issues through creating and implementing tools for the company's websites.

Summer 2021

Website Development Intern (4 months)
Downtown Surrey Business Improvement Association, *Surrey, BC*

Worked on the Click On Surrey team alongside other interns to assist businesses with their technological needs. As well, identified, designed, and created custom solutions for the company and businesses within the community.

Fall 2020

Full Stack Web Development
Web Design & Development Course

In a team of three, designed and developed a full stack tutoring website in PHP, HTML, CSS, JavaScript, and MySQL. Established a styleguide to retain through consistency in elements and layout, as the team was working remotely.
